

GENERAL LASER ABSTRACTS

- 1. The Importance Of The Wave Aspect Of Electrons In Regard To The Mitochondrial Energy Transfer**
- 2. Steroids Block The Anti-Inflammatory Effect Of Low Level Laser Therapy**
- 3. Molecular And Cellular Mechanisms Of The Low Intensity Laser Radiation Effect**
- 4. Mitochondrial Membrane Potential After Low-Power Laser Irradiation.**
- 5. Steroids Block The Anti-Inflammatory Effect Of Low Level Laser Therapy**
